

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Rae Ann Cecrle
DOCKET NO.: 04-23396.001-C-2
PARCEL NO.: 14-05-208-030-0000

The parties of record before the Property Tax Appeal Board are Rae Ann Cecrle, the appellant; and the Cook County Board of Review.

The subject property is improved with a three-story brick constructed apartment building with 27,536 square feet of building area containing 37 apartments. The building is approximately 83 years old and is located on a 15,000 square foot site in Chicago, Lakeview Township, Cook County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted descriptions and assessment information on three comparables located along the same street and within one-block of the subject property. The comparables had the same classification code as the subject property. The comparables were improved with three-story brick constructed apartment buildings that ranged in size from 30,828 to 41,669 square feet of building area and contained from 35 to 43 apartments. The buildings ranged in age from 79 to 88 years old and were located on parcels that ranged in size from 15,000 to 17,500 square feet. The comparables had total assessments that ranged from \$277,040 to \$355,063 and improvement assessments that ranged from \$217,965 to \$283,277 or from \$6.80 to \$7.07 per square foot of building area. The appellant submitted a copy of the board of review final decision disclosing the final assessment of the subject totaling \$341,961. The subject property had an

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	54,964
IMPR.:	\$	215,036
TOTAL:	\$	270,000

improvement assessment of \$286,997 or \$10.42 per square foot of building area. The appellant contends that comparable number 1 was most similar to the subject. Based on this evidence the appellant requested the subject's assessment be reduced to \$241,932.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

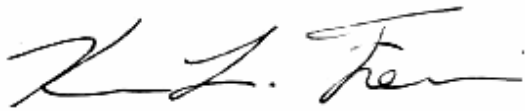

The appellant contends assessment inequity as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data the Board finds a reduction is warranted.

The appellant submitted data on three assessment comparables to demonstrate the subject was being inequitably assessed. The comparables were similar in style, construction, age and location. These properties were improved with three-story apartment buildings of brick construction ranging in size from 30,828 to 41,669 square feet of building area and containing from 35 to 43 apartments. The comparables had improvement assessments ranging from \$217,965 to \$283,277 or from \$6.80 to \$7.07 per square foot of building area and from \$5,069 to \$8,093 per apartment. These properties had total assessments ranging from \$277,040 to \$355,063 or from \$8.51 to \$8.99 per square foot of building area and from \$6,442 to \$10,144 per apartment. The subject has an improvement assessment of \$286,997 or \$10.42 per square foot of building area and \$7,757 per apartment. The subject has a total subject total assessment of \$341,961 or \$12.42 per square foot of building area and \$9,242 per apartment. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the Official Rules of the Property Tax Appeal Board. The Board has examined the information submitted by the appellant and finds that it supports a reduction in the assessed valuation of the subject property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
